

# Social Media

For First Graders

We love Social Media.

Using Twitter is fun. That man from TV has one million followers.

Mommy goes on  
Facebook every day to  
learn how to run a farm.

The nice man who invented the Angry Bird Machine is in heaven now.

On YouTube we watch videos of kittens.

LinkedIn is where Daddy looks for a new job.

Social Media is fun.  
Someday, I will drive  
engagement on multiple  
channels.
